We want to thank all our users in the last nine years. We understand that you may not agree with this decision, but we hope that you will find equally useful alternatives, including Bigquery, Cloud SQL, Maps Platform and Data Studio. ? All data from the Google Fusion tables (e.g. data loaded in the tables) will be systematically deleted by Google servers. In the future there is a way to recover the data of my fusion tables from Google? You will be able to download the data of the table via Google Takeout until March 3, 2020. Subsequently, all the data of the merger tables will be eliminated permanently and irrevocably. Why have the Google Fusion tables have been interrupted? For more information, consult our blog post.
