These details are integrated for your ability to guarantee a loan. Financial experts suggest that individuals should try to maintain the credit use ratio in the range of 25-30% for maintaining a good ratio on the scores of Cilli. Individuals with good credit scores are less likely to default on their loan payments. 2. a À € à, ~ à à à à à à. € à, ~ à "ç means that a credit institution has requested the details of the Clible credit. In the event that numerous credit cards and loans are sanctioned for a short period of time, the credit score would be negatively affected. When payments against the amount in circulation / credit card in circulation have not been made for more than 180 days, the lender is À € à, ~ À "Writes off * à, ~ the amount and reports this on your cir. À € à, ~ à € Account status If your account has been written / welded / adapted, such cases cannot be considered favorably by lenders. Creditors can trample caution considering your most requests in a short period of time, which shows a behavior of seeking excessive credit. À € à, ~ à € The DPD (days spent at maturity) For each loan or credit card, make sure that the DPD indicates how much days a payment on that account is late within that month. À € à, ~ À "050 À ©, for example, means that payment is 50 days late. Provides data to banks and other credit institutions to quickly and efficiently filter loan applications that receive during their activity. The credit usage report refers to the total amount of credit that is used against the total amount of the credit that has been authorized.
